

WHAT DO PARTNERS IN EDUCATION SUPPORT?

The Union County Education Foundation is focused on making the greatest possible impact in our schools. Our strategic funding priorities are classroom innovation, teacher retention, and literacy initiatives. These areas reflect the most urgent needs and opportunities in Union County Public Schools, and they will guide all of our funding decisions. We're excited to work together with our Partners in Education to invest in programs that align with these priorities and deliver measurable results for students and educators.

Statement of Purpose

The Union County Education Foundation mobilizes community and business support to benefit the students and staff of Union County Public Schools. We believe that inspired teachers ignite student success—so we champion educator creativity, fund innovative ideas, and provide encouragement to help every student feel seen, heard, and valued. When we empower educators, we unlock the potential for students to think and dream bigger.

When teachers feel supported, students THRIVE
